CAPITALISM AND ENVIRONMENT

THERE IS NEED TO UNDERSTAND WHY NEOLIBERAL CONSERVATIONS ARE UNSUSTAINABLE AND HORRIFIC IN SO MANY WAYS. WE SEE TODAY CAPITALISM IS IMPACTING OUR LIVES BY CREATING ENVIRONMENTAL CRISIS LIKE CLIMATE CHANGE SET UP AND THIS IS BECAUSE THEY USE THE FREE MARKET WHICH IS SO GREEDY AND IMMORAL SINCE IT AIMS FOR ONLY PROFIT MAKING AND RESULTS THE RICHES BECOME MORE RICH WHILE THE POOR MAKES MORE POOR

CLIMATE
CHANGES
FRUSTRATION

THE ECONOMIC SYSTEM IN WHICH THE COUNTRIES' PROFITS-MAKING, MARKET SYSTEM, A GENERAL ARE CONTROL BY COMPANIES INSTEAD OF HANDLING BY THE PEOPLE (KELLY, 2018)

LOOKING BACK CAPITALISM WAY OF DOING BUSINESS IS THAT PROFIT IS GRANTED IN CAPITAL SOCIETY THROUGH EXPLOITATION, EXPLOITATION OF LABOR, EXPLOITATION OF RESOURCES AND ALSO THE ENTIRE ENVIRONMENT. IT IS VERY COMMON FOR THE CAPITALISTS CONSTANTLY PRODUCE IN PART OF DOING A LOT OF RESOURCES AND CONTRIBUTE THEM AROUND THE GLOBE THROUGH RELYING ON FOSSIL FUELS-WHICH IS HIGHLY CONTRIBUTES TO CLIMATE CHANGE

EMISSIONS CAUSED CLIMATE CHANGE

SEVERE DROUGHTS IMPACTING MY LIFE.

CAPITALISTS HAVE EMITTED TOO MUCH GREENHOUSE GASES INTO THE ATMOSPHERE. THIS HAS CAUSED CLIMATE CHANGE AND FURTHER RESULTED SEVERE DROUGHT IN THE COUNTRIES. IT HAS CAUSED WATER SHORTAGES, MANY ANIMALS STARVED TO DEATH AND THE COUNTRIES FARMERS HAS BEEN HARDEST HIT. THERE IS GEOGRAPHICAL, THERE COUNTRIES WHICH CONTRIBUTED MORE ARE LESS AFFECTED WHILE THE COUNTRIES CONTRIBUTED LESS IS HIGHLY AFFECTED.

MUCH LIKE OTHER DAYS...

KLEIN'S ARGUMENT

1. OBSERVATION

KLEIN discussed the kind of threat we are facing today and identifies the capitalist as our biggest threat to our existence on this planet. She discusses how capitalists impacting on lives in so many ways such as emitting too much green houses gases into the atmosphere by burning fossil fuels, cutting down the trees, poisoning waters and displacing the native people in the of economic development.

KLEIN'S ARGUMENT

Some people see Klein being one sided and throwing the whole blame to only capitalists however, Klein is bringing all people on board from all walks of live across the world and capitalists are not excluded from the mainstream economy. There is alternative way of running the market such as going for clean economy and work for the common good but, is unethical way of privatizing everything.

WE CANNOT CHANGE OUR BROKEN NATURE BUT, WE CAN CHANGE OUR BROKEN ECONOMY

DISPLACEMENT

She argues that the social engineering of society is in the interest of corporation-which is under panel of free trade. We are seeing today the privatization of key asset resulting in deep cut to the social spending areas. we experience people tend to protect like education and health care.

It is clear that the legacy of this economic model is increases the level of inequality. In interest of capitalists, the current economic model needs displacement of millions of people from their homes. But, where do they live? Of course they become migrants and move to the slams-which results in so much inequality and even capital flight.

POLICIES OF PRIVATIZATION, FREE-TRADE AND DERRGULATION DID BIG CUT OF SOCIAL SERVICE LIKE HEALTH CARE AND EDUCATION

WE WERE DISPLACED BY THE BIG CORPORATES

CAPITALISM AND ENVIRONMENT

The problematic with capitalists is the exchange value which is not inherent use value-here means they don't produce things according to the need. For instance, the big corporation we have today produce millions and millions of things in a quick way that are not really required but, just produce it and don't care. In this way, they just make the system go on, this way there are a lot of wastage of resources and with this kind of doing business will never be sustainable

LIBERALISM ATTACK REGULATIONS

NEOLIBERALISM DO ENVIRONMENTAL FIX FOR THE CRISIS OF CAPITALISM-THEY DO THIS THROUGH ATTACKING REGULATIONS, THEY JUST ALLOW A SOURCE OF PRODUCTION WHERE THERE ARE FEWER ENVIRONMENTAL REGULATIONS AND THIS WAY THEY DIMINISH EASILY THE ENVIRONMENT. FREE TRADE DEAL ALLOWS FOREIGN MULTI-NATIONAL CORPORATION SOUGHT GOVERNMENTS IN A SECRET TRIBUNAL OUTSIDE THE JUDICIAL SYSTEM-WHICH IS NEVER BE GOOD. A GOOD EXAMPLE IS THAT ONTARIO HAD A GREAT LOCAL SOLAR PROGRAM BUT, EVENTUALLY DIMINISHED THROUGH WORLD TRADE ORGANIZATION POLICY (WTO). ANOTHER INSTANCE IS TRUMP, THE US PRESIDENT WITHDRAWING FROM ALL KINDS OF REGULATIONS THAT WOULD PROTECT PEOPLE FROM HURTING.

Corporations striping out resources greedily across the world.

WE WILL MAKE AMERICA GREAT AGAIN

TRUMP DISREGARDED CLIMATE CHANGE

IT IS CLEAR THAT CAPITALISTS ARE SPECIFICALLY DESTROYING THE RESERVED ENVIRONMENTS ACROSS THE WORLD BY THE NATIVE PEOPLE FOR THEIR ONLY PROFIT-MAKING. THIS IS TRUE THE BIG FOSSIL FUEL COMPANIES ARE STILL REMAIN BIG THREAT TO THE NATIVE PEOPLE BOTH THOSE IN GLOBAL NORTH AND GLOBAL SOUTH. AGAIN WHEN YOU LOOK AT HOW INDIGENOUS PEOPLE RESIST AGAINST THE EXPLOITIVE CORPORATIONS, YOU WILL REALIZE HOW THE NATIVE PEOPLE LOVE THEIR LAND. HOWEVER, EVEN THOUGH THE NATIVE PEOPLE HAVE THE RIGHTS TO PROTECT THEIR LAND BY LAW BUT, THE ISSUE OF MONEY MATTERS A LOT AND THIS IS WHAT KILLS THE INDIGENOUS RIGHTS BECAUSE THE CORPORATIONS BRIBE THE EXISTING GOVERNMENTS BY PAYING HUGE AMOUNT OF MONEY.

THE BLOCKADIA UPRISING, THE VOICES OF THE TAR SAND FOR THE KETONE PIPELINE FROM ALBERTA TO TAXIS WAS VERY FASCINATING ABOUT THE PEOPLE REACTION AGAINST THE DESTROYING OF THE RESERVED FOREST FOR MANY GENERATIONS. THE FOREST HAS RESERVED OLD TREES THAT MANY SPECIES DEPEND ON AS THEIR LIVELIHOOD. THE BEAUTIFUL OF THE FOREST IS THAT IS HOME FOR MANY CREATURE BUT, CUTTING DOWN FOR MAKING MONEY WILL BE ENDANGERED. THE FOREST SUPPORTS MANY FARMERS AND RANGERS FOR THEIR LIVINGS.

RESISTING AGAINST THE DESTROYING THE ENVIRONMENT

LAND BEING CLEARED, WATER BEING POLLUTED AND BECAME DRY INCLUDING ALL LIVING CREATURES.

WHY CORPORATES HAVE TO DESTROY PEOPLE'S PROPERTY AND POLLUTE FOR GENERATIONS TO COME?

WHAT ABOUT TOMORROW AND FUTURE FOR EVERYONE LIVING HERE TODAY?
